Forecast For Strathclyde
Issued by Met Office Aberdeen
at 0400 on Tuesday 23 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly cloudy with some isolated light showers.

Today:
Mostly dry with only a few light showers cropping up, mainly confined to Argyll. Rather cloudy with best of the limited brighter spells appearing during the afternoon from Glasgow southwards. Westerly breezes. Maximum temperature 10 deg C (50 deg F).

Tonight:
Majority dry, clear for evening. Southwest winds strengthening overnight as band of showery rain spreads from northwest, which clears to blustery showers and brighter spells over Argyll towards dawn. Minimum temperature 4 deg C (39 deg F).

Wednesday:
Showery band of rain from Glasgow south initially. Otherwise sunshine and showers, with outbreaks focused across Argyll, with few expected from the Central Belt southwards. Maximum temperature 9 deg C (48 deg F).

Outlook for Thursday to Saturday:
Mainly dry, bright Thursday, but cold in brisk north to northwest winds. Friday and Saturday unsettled with gales or severe gales, periods of rain, turning wintry to quite low levels.
